ECOGLUE

GREEN QUALITIES:

- Environmentally safe
- Non-Toxic
- Bottle and packaging are 100% recyclable
- Extremely low VOC content

DESCRIPTION:

Now You Have a Choice:

Amazing EcoGlue, is an Earth Friendly power glue that is both safe for you and your family and able to bond with industrial strength to almost any material indoors and out. This water-based adhesive is environmentally safe (less than 1% volatile organic compounds), with virtually no hazardous air pollutants (less than 0.165 by weight) and no animal derivatives. Even the bottle and packaging are 100% recyclable!

Superior Strength:

Can a glue really be earth friendly and yet incredibly strong? In laboratory test, Amazing EcoGlue outperformed the best selling glues and even outperformed the popular urethane glues that foam when applied.

Simple to Use:

EcoGlue is simple to use. No mixing or special tools required, just a bottle of amazingly strong adhesive that bonds with industrial strength to almost any material including wood, stone, metal, ceramic, glass, cloth and more!

Water Resistant:

Added Bonus is that even though EcoGlue is a water-based adhesive, it dries to a thought water-resistant film.
