ASPIRE STAINLESS STEEL CLEANER & POLISH

GREEN QUALITIES:

- 96% VOC Free
- Water Based
- Nonflammable
- No CFC's
- Steel canister is made of 50% recycled material – twice the industry norm
- 100% Recyclable
- No waste water generated in the manufacturing process
- Large particle size of propelled cleaner means less cleaner dissolved into the atmosphere

CERTIFICATIONS/ PERFORMANCE RATING

- FEP – Favorable Environmental Profile
- SCS – tested biodegradable

DESCRIPTION:

Aspire Stainless Steel Cleaner & Polish provides the performance and gloss typical of oil based stainless steel cleaners but in a fast breaking economical foaming water base. The silicone-free formula utilizes a food grade protectant which is easy to work with and dries to a non-oily film for use in public areas on escalators, elevators, and other areas. No excessive residue, no hazing and no excessive buffing are required. The high gloss restores luster and protects stainless steel, chrome, aluminum, brass, copper, and most other metal surfaces. Applications can be found in food service, offices, hotels, schools, airports, municipal and government buildings, and much more.
